

St. Francis Health Care Centre awarded certificate of achievement

GREEN SPRINGS — St. Francis Health Care Centre, a non-profit, Catholic faith based, residential care community, achieved improvement in the pain quality measure and has been awarded a Certificate of Achievement by Ohio KePRO, Ohio's Medicare Quality Improvement Organization.

"I'm proud of our dedicated employees and volunteers who do a great job and that KePRO recognized the great work that is done through our pain quality measures," said Dan Schwanke, CEO, in response to this award.

"During the past year, we've worked extensively with Ohio's nursing homes to ensure that they are able to take advantage of the information provided by the quality measures and

improve their quality of care," said Rita Szymczak, nursing home project manager for Ohio KePRO. "We are committed to helping nursing homes with their own efforts to improve the care they provide to their residents by offering free consultative services and sharing our expertise in quality improvement."

The mission of Ohio KePRO is a diversified healthcare information company that emphasizes excellence in customer service. KePRO is committed to continuous quality improvement in health care through the provision of innovative products and services.
